2005	2,200	11,500	25,000	2,400	22,600	54.7	118.0	48.0	13,680

1/ For cranberries, yield is based on total production. A barrel weighs 100 pounds. Small quantities of fresh cranberries are included in processed to avoid disclosure of individual operations. The price is the weighted average of co-op and independent sales. Co-op prices represent pool proceeds less returns for processing non-cranberry products, capital stock dividends, capital stock retains, and other retains.
